## Work Experience

**Seasonal Store Associate** September 2023 – Present  
Kohl's

I provided excellent customer service, organizational, and teamwork skills by working with the online shopping, price changes, customer service, visual, and sales teams.

**UX/UI Designer** December 2020 – Present  
Freelancing

I worked with clientele and created digital and print designs.

**Senior Tutor, Central Grader, Instructional Specialist** November 2020 – Present  
2U

I make student lives' easier by explaining difficult UX/UI design and Full-Stack Web Development concepts to them. I manage individual and group projects in a fast-paced environment. I instruct design thinking process concepts such as how to use Figma, storytelling, minimum viable product, lean start-up process, agile and scrum methods. I help facilitate a positive learning atmosphere in a challenging environment.

**UX/UI Designer** May 2018 – December 2020  
Codafi Technologies

We worked on agile design sprints as a team. We designed and updated our client's style guides and feature requests with focus on lean UX and visual hierarchy for better usability. I turned software into easy-to-use products and executed all design stages from concept to final hand-off to engineering.

**UX/UI Designer & Developer** September 2020 – November 2020  
Family Literacy Centers

I directed clientele communication with deadlines and UX/UI design sprints. I provided modern layout so that online students can have an easier time finding information. I also updated it to fit HTML5 and CSS requirements so that the company can operate the program on multiple browsers and reach more students.
