Portfolio ⊞

Work Experience

Operations Associate
Kohl's   September 2023 - Present

I provided excellent customer service, organizational, and teamwork skills by working with the online shopping, price changes, customer service, visual, freight, and sales teams.

Digital and Print Designer
Freelancing   December 2020 - Present

I worked with clientele and created digital and print designs.

Learning Specialist
edX / 2U   November 2020 - Present

I make student lives' easier by explaining difficult UX/UI design and Full-Stack Web Development concepts to them. I manage individual and group projects in a fast-paced environment. I instruct design thinking process concepts such as how to use Figma, storytelling, minimum viable product, lean start-up process, agile and scrum methods. I help facilitate a positive learning atmosphere in a challenging environment.

UX/UI Designer Contractor
Codafi Technologies   September 2020 - December 2020

We worked on agile design sprints as a team. We designed and updated our client's style guides and feature requests with focus on lean UX and visual hierarchy for better usability. I turned software into easy-to-use products and executed all design stages from concept to final hand-off to engineering.

UX/UI Designer & Developer Intern
Family Literacy Centers   May 2018 - December 2020

I directed clientele communication with deadlines and UX/UI design sprints. I provided a modern layout so that online students can have an easier time finding information. I also updated it to fit HTML5 and CSS requirements so that the company can operate the program on multiple browsers and reach more students.
